Clinical Expertise

Advent Health Partners' dedicated team of industry veteran nurses, coders, and claims analysts represent over 15 healthcare designations with experience in several specialized fields, including cardiology, NICU, PICU, oncology, and wound care. Our team's proven clinical and regulatory expertise needed to determine the viability of every claim placed, craft quality appeals, and follow up appropriately for revenue recovery deliver an average 91+% overturn success rate among our clients.

Client Success

We believe that a strong client relationship is the foundation for an organization's denial recovery and prevention success. The Advent team assigned to your organization is selected based on expertise and experience, and all our solutions are customized for your unique challenges and needs. There are no generic or "out-of-the-box" offerings; everything we do is created with your organization's success in mind.

Trusted Partnership

Our partnership with organizations is built on trust and transparency that extends throughout the entire client journey, resulting in maximum realized revenue for your organization. A strategic, client success forward mindset is at the core of everything we do, leading to a 98.2% client retention rate since Advent's founding. As an agile, forward-moving, and constantly innovating technology and clinical partner, Advent delivers a strong strategy for the future success of your organization.

Being able to prevent some of these problems before we ever dropped the bill was really powerful. We were even closer to getting our DNFB to three days or fewer, reducing our rate of denials, and winning by getting the claim paid correctly the first time."

– Operations Executive, Large Hospital
